## INVESTMENT HIGHLIGHTS

- **Mom and Pop Operated Value-Add Opportunity** – The property is currently owner-operated with minimal professional management infrastructure, offering immediate upside through the implementation of institutional-level rate management, marketing strategies, and operational efficiencies.
- **Rental Rates Significantly Below Market** – Current achieved rates of approximately \$1.12/SF/month sit well below comparable facilities in the trade area, presenting a clear path for a sophisticated operator to drive meaningful revenue growth through strategic rate increases across the existing tenant base.
- **Massive Residential Development Pipeline Directly Adjacent** – Ventana Capital's Parklands Village, a master-planned community of 5,000+ homes, is planned directly behind the property, positioning iBox to capture out sized demand from thousands of new households moving into the immediate trade area.
- **Stabilized Occupancy with Strong Cash Flow Foundation** – The facility maintains approximately 85.7% physical occupancy across 491 units and 63,240 RSF, providing a stable cash-flowing base from day one while offering additional lease-up potential as the surrounding area densities.
